

Boston College - University Health Services **Campus Health Fee Waiver for Off-Campus Students**

Who is eligible to waive the Campus Health Fee?

Only undergraduate students living **off-campus** may waive this fee. The fee is mandatory for all students living on-campus. It allows a student access to University Health Services. Please visit our website at www.bc.edu/uhs for hours of operation and services provided.

Is this fee related to medical insurance?

No, this fee is entirely separate and is not associated with Health Services. Information regarding health insurance and medical insurance waivers can be found on the Student Services website at <https://www.bc.edu/bc-web/offices/student-services/billing-student-accounts/medical-insurance.html>

Note: Waivers will be automatically canceled if/when a student seeks services at University Health Services, and the student account will be charged the Campus Health Fee when services are rendered.

By completing and signing this waiver I certify that I am not living on campus at Boston College:

Last Name: _____ **First Name:** _____ **Date:** _____

Student Eagle ID #: _____ **Date of Birth:** _____

Student Local Address: _____
